

Dear colleagues,

As you well know, Ryanair CCM have started a process of change in the employment relationship with our airline, that will result in the first industrial action on the 25th and 26th of July. It is the first time that all the employees are aware that a change is not only necessary but possible and that it could mean a change in the aviation industry.

We are all aware that a lot of help is necessary and that's why we turn to you as a SITCPLA member.

We are constantly looking for assistance, so we ask for your cooperation to give out volunteering to help on these two days, giving out flyers, at the airports with the objective of achieving an effective and efficient strike process. That help would be needed in the following bases:

MAD	SVQ	BCN	IBZ
PMI	SCQ	AGP	TFS
ACE	LPA	GRO	VLC
ALC

- Contact number
- Available day(s)

Thank you for your cooperation.
