

2 March 2023

CLA UPDATE

Since we last updated you, we have spent more time responding to the company's 'final draft' CLA.

Since they discounted some of our proposed wording, we have had another meeting yesterday to try to find some solutions to the outstanding issues we are still not happy with.

We would still like to secure some improvements to part time, adaptation and conciliation, sick/maternity/paternity pay along with a small number of other items.

We will meet again with our legal team on Monday ahead of a proposed meeting with the company in person later in the month.

In this meeting, we hope to conclude the CLA negotiations and we will keep you updated when we know when this will be.

CREW FOOD TASTING

On 31st March, representatives from SITCPLA, SEPLA and USO from across the Spanish bases have been invited to a tasting event ahead of the crew food change in April.

Iban López (PMI) Sonia Ortiz (AGP) and Neil Hurst (BCN) will represent the 3 bases this year.

Sección Sindical easyJet

Since we changed the crew food for the last cycle, please send us any feedback you have so we can take your ideas with us to the catering provider.

Breaking it down into breakfast, lunch and dinner, we would like to know if the current offering is working for you or if there's something you would like to change.

Last year we added salads and reduced sandwiches for lunch and dinner and changed the breakfast to include cereal along with hot or cold options.

We'll be happy to receive any feedback between now and the tasting event to the SITCPLA WhatsApp number or by email to any of the reps attending:

Iban López - PMI - ilopez@sitcpla.es

Sonia Ortiz - AGP - sortiz@sitcpla.es

Neil Hurst - BCN - nhurst@sitcpla.es

We wish you a great weekend,

SITCPLA Reps
